

## Role Title: Volunteer Reserve Warden

### Role Description:

Could you spare a couple of hours a week as you walk round to help us look after our nature reserves? We are looking for people to join a team of Volunteer Wardens to play an important role in becoming the eyes and ears of our nature reserves, checking these sites and reporting issues. Some reserves may have opportunities to become involved in seasonal wildlife surveying and monitoring. Full training will be provided.

**Title of post:** Volunteer Reserve Warden (multiple areas)

**Responsible to:** DWT Living Landscapes Officers

### Locations and days:

|                              |         |           |
|------------------------------|---------|-----------|
| NE Derbyshire & Chesterfield | Erewash | Dark Peak |
|------------------------------|---------|-----------|

**Frequency:** Weekly

### Main duties:

- Checking sites and public structures for concerns, damage and fly tipping, etc
- Routinely reporting back findings
- Litter picking
- Attending relevant training
- Surveying of key species (potential)

**Skills / Qualifications Required (if any):** No previous experience required

### Personal Qualities:

- Enthusiastic with a passion for nature and wildlife Commitment to work the Trust's values and follow the Code of Conduct
- Readiness to work alone, safely and effectively under guidance of regional Living Landscape Officer
- Willingness to act appropriately as a representative of DWT to the wider public and visitors
- This volunteer role is open to applicants over the age of 18

### Training and Benefits:

- A full induction will be given
- Potential for on-going training, if desired, to expand on skillset and knowledge (depending on needs of DWT)
